# Post-Quantum Cryptography Conference

**From Tuesday, October 28 to Thursday, October 30, 2025**, the PKI Consortium will host its fourth Post-Quantum Cryptography (PQC) Conference at the Connexion Conference & Event Centre in Kuala Lumpur, Malaysia.

This premier three-day event begins with hands-on workshops, followed by two days of expert-led talks, panels, and breakout sessions. It attracts top executives, technical leaders, and practitioners from both the public and private sectors, all focused on shaping the future of cryptography.

#### **Our Audience Includes:**

- **Executives & Decision-Makers:** C-level leaders, VPs, and Directors driving PQC strategy.
- **Technical Leadership:** Lead Engineers, Senior Developers, and Architects evaluating PQC solutions.
- **Strategic Thinkers:** Product and IT Managers integrating PQC into organizational workflows.
- **Skilled Practitioners:** Developers, Analysts, and Engineers implementing cutting-edge cryptography.

The previous Post-Quantum Cryptography Conference, held in January 2025 in Austin, TX, drew 300 in-person attendees and 2,200 livestream viewers, with over 10,000 rebroadcast views as of April 1, projected to reach 20,000 by year-end, doubling the viewership of our 2023 Amsterdam event.

For this next conference, we anticipate 400 in-person and 3,500 live remote attendees, with another 30,000 views in the months that follow. It's a prime opportunity to elevate your brand and connect with a rapidly growing audience.

---

*Attendance is free and not restricted to members of the PKI Consortium, making this a unique opportunity to engage with a broad and influential audience passionate about the future of cryptography.*

## Conference Overview

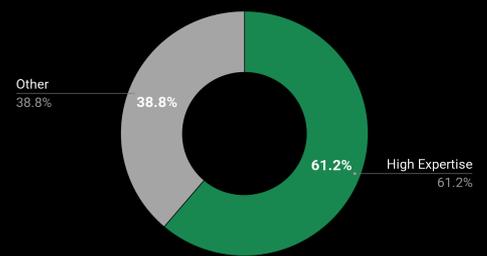

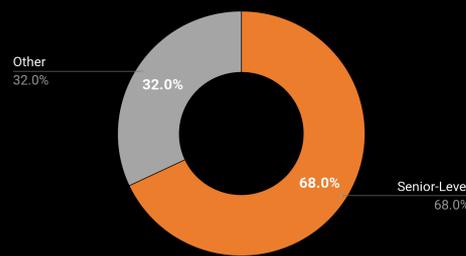

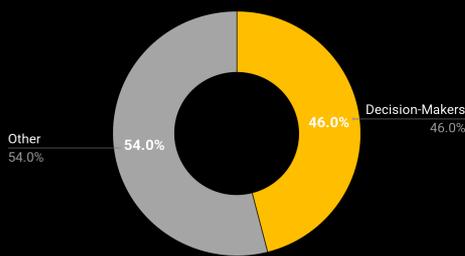

The Post-Quantum Cryptography (PQC) Conference attracts a diverse and influential audience, bringing together business leaders, industry experts, and representatives from various sectors. These include:

- Government and Military/Defense
- Banking and Finance
- Telecommunications
- IT Suppliers
- Consultants
- Software and Hardware Vendors
- Stakeholders from Other Critical Sector

This broad array of participants fosters a unique environment for collaboration and knowledge sharing, enabling attendees to address the evolving challenges and explore the emerging opportunities in the rapidly advancing field of post-quantum cryptography.

## Audience Insights

The conference not only welcomes a diverse set of industries but also attracts professionals across a wide range of roles, from technical experts to high-level decision-makers:

### 46% are Decision-Makers

*Our data shows that a large majority of attendees are in roles where they directly influence or make purchasing decisions. This includes CEOs, CTOs, Founders, IT Directors, and other senior management who control budgets and vendor relationships.*

### 68% are Senior-Level

***Professionals:** Most of our attendees hold senior titles, indicating a high level of experience and responsibility. These are the professionals who not only understand the technical details but also align them with business objectives.*

### High Technical Proficiency

*61.2% of our audience rates their technical expertise as a 3, 4, or 5 out of 5. 29.1% rate themselves a 4 or 5 out of 5. These are not just decision-makers but informed decision-makers, capable of discerning the value of cutting-edge solutions and innovations.*

## Sponsorship Details

- Sponsors do not gain any special treatment or rights within the PKI Consortium.
- Speakers are prohibited from promoting their products or services.
- Commercials, workshops, and pitches may contain commercial information.

# Host a Workshop at the PQC Conference

Workshops kick off the conference on Day 1, offering a focused environment for technical deep dives, practical training, expert roundtables, and hands-on exploration of post-quantum cryptography, secure architectures, crypto agility, and related topics.

Workshops present a unique opportunity to lead high-impact, interactive sessions that not only showcase your technologies and expertise, but also provide meaningful educational value to a technically engaged and forward-thinking audience.

All workshops will be listed in the official conference schedule and will run in parallel tracks throughout the day. Attendees must register in advance for each workshop to help manage room capacity and ensure the best possible experience. As a workshop host, you are encouraged to actively promote your session and invite customers, partners, and attendees.

## What to Expect:

- Several hours of dedicated time to engage participants and explore topics in depth
- Small-group format designed for hands-on participation and real interaction
- Opportunity to highlight your tools, frameworks, or platforms, as long as the focus remains educational and practical

**Collaborate with the PKI Consortium to design your workshop, then take the lead in delivering it.**

Here Are Some Ideas to Get You Started:

- Implementing PQC in real-world environments (e.g., TLS, VPN, IoT, mobile)
- Crypto agility and key lifecycle management
- Cryptographic inventory and CBOM/SBOM strategies
- Secure coding, risk modeling, and migration playbooks
- Deep dives into specific protocols, use cases, or architectures
- Workshops may center around your product, platform, or services, but must have a clear educational intent — enabling attendees to learn new skills, solve real challenges, or prototype solutions.

**Hosting a workshop is a chance to build strong, personal connections with participants, ideal for deepening relationships with customers, potential customers, and partners.**

# Sponsorship

## Options for the PQC Conference

In addition to the packages listed in this brochure, you can also enhance your selected sponsorship with the following add-on options, available on a first-come, first-served basis and subject to availability. For bespoke options, feel free to contact us on [contact@pkic.org](mailto:contact@pkic.org).

	Costs (USD)
<b>Television screen</b> for Exhibition and Demo Space	TBD
<b>Workshop room, half day - Ten (10) slots available *</b> a dedicated workshop room for half a day. Size for 20 people	\$ 2,000
<b>Private Meeting room</b> a dedicated meeting room for 2 days. Size for 12 people	\$ 2,500
<b>Sponsor Branded Lanyard (2x)</b> A sponsor may purchase both spots	\$2,000
<b>Break Sponsor - 30 minutes (4x)</b> highlight in agenda during one morning or afternoon break	\$ 1,000
<b>Lunch Sponsor - 60 minutes (2x)</b> highlight in the agenda and lunch area for one day	\$ 2,500
<b>Networking Sponsor - 120 minutes (2x)</b> highlight in the agenda and networking area for one day	\$ 3,000

\* larger rooms may be arranged, contact us [contact@pkic.org](mailto:contact@pkic.org)

## How to Get Involved

- To become a sponsor, please contact [contact@pkic.org](mailto:contact@pkic.org) or complete this form: <https://pkic.org/sponsors/sponsor>
- To join the PKI Consortium as a member, please complete this form: <https://pkic.org/join>

## Specifications for Sponsor Materials

### Logo

- **Submission:** Immediately
- **File format:** SVG (vectors only)

### Video / Commercial

- **Deadline for Submission:** September 1, 2025
- **Duration:** Maximum 30 seconds
- **File format:** MP4 (H.264 codec)
- **Resolution:** 1920 px x 1080 px (Full HD)
- **Audio Quality:** Minimum 128 kbps
- **Volume:** Ensure clear and balanced audio level

### Retractable Banner

- **Deadline for Submission:** September 1, 2025
- **File format:** PDF
- **Resolution:** Minimum 300 DPI
- **Color:** CMY
- **Size:** TBD

### File Submission Instructions:

Email the file(s) or send a download link to: [marketing@pkic.org](mailto:marketing@pkic.org).
